Nkisi produces intense powerful sonics influenced by ancient Congolese rhythm and noise, planetary electromagnetism and experimental improvisation. The creative musician and visual artist is one of the co-founders of the now legendary NON Worldwide platform. She recently launched both her label INITIATION and research platform 'The Secret Institute' - exploring the secrets and mysteries of vibrational rhythm, ritual as a socio-political tool, invisible gestural sonics, noise tantra and strategies of trance. Nkisi has performed at countless festivals throughout Europe such as Semibreve, Terraforma and Unsound, and at respected nightlife venues such as De School, The White Hotel and Inkonst. She has travelled extensively as a touring artist, performing at New York's Dweller Festival and Montreal's MUTEK. With a richly embedded and multilayered practice, Nkisi has worked with and inside esteemed institutions such as Palais de Tokyo, Callie's Berlin and Wysing Arts Centre.
